LIVE VIRTUAL COMPLIMENTARY PROFESSIONAL DEVELOPMENT WORKSHOP VIA  ZOOM

Interpretation and Application of School-Based *Occupational Therapy* Evaluations for Robust IEPs

Thursday, January 22, 2026
8:30-11:30 or 12:00-3:00

Presented by Dr. Melodye Thomas, OTD, OTR/L, TAP Consultant

- *Which evaluation tools address a particular student's referral concerns?*
- *What baseline data is needed in the IEP present levels of performance?*
- *How do formal evaluation tools inform IEP goals?*
- *How much OT service is needed for the student's current performance at school?*

A wide range of evaluations are needed for the large diversity of students who are evaluated by OTs in the schools. The goal of school-based OT is always inclusion in every school activity possible. This presentation is designed to widen the school-based occupational therapist's repertoire of evaluation tools and enhance the interpretation of evaluation data in order to develop robust IEP present levels of performance and goals.

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
