

Complimentary Professional Development for Educators Technical Assistance Program (TAP)

LIVE VIRTUAL COMPLIMENTARY PROFESSIONAL DEVELOPMENT WORKSHOP VIA  ZOOM

Educators Resources for Individuals with Autism Spectrum Disorders (& Other Needs):

Challenging Behaviors Toolkit

Thursday, November 13th, 2025

8:30 AM - 3:00 PM, All Day

Presented by Margaret Wood, MA/CCC-SLP and TAP Consultant

People with autism spectrum disorder (ASD) exhibit many behaviors their family, teachers, and other supporters find challenging. What are the behaviors and ways of taking in the outside world that distinguish a person with an ASD from their “neurotypical” peers? Although these will vary according to the severity of a person’s autism and their age and developmental level, there are core issues that affect most people with an autism spectrum disorder.

During this workshop, we will explore the following topics: types of challenging behaviors and their impact, identifying the cause (function) of the behavior, reducing and preventing problem behaviors, responding to individuals at each stage of the Crisis Cycle, integrating positive behavioral support strategies in the classroom, and more.

Please note that the behavioral tools and strategies that will be presented will help educators support ALL students – with and without ASD.

A survey will be posted in the zoom chat box at the end of the presentation. You must complete the Survey to receive your Certificate of Completion.
