

Complimentary Professional Development for Educators Technical Assistance Program (TAP)

LIVE VIRTUAL COMPLIMENTARY PROFESSIONAL DEVELOPMENT WORKSHOP VIA  ZOOM

Gifted Curriculum Development: **Talent Pool, Gifted Pull Out,** **Gifted Options at the Secondary Level**

Tuesday, December 2, 2025

8:30-11:30 or 12:00-3:00

Presented by Kate Morris, M.Ed., Gifted TAP Consultant

This presentation provides an essential blueprint for developing a comprehensive and vertically aligned gifted curriculum, beginning with an emphasis on broad-based identification and nurturing through the Talent Pool model to ensure equitable access to enrichment for all high-potential students. We will then dive into the effective structure and content of Gifted Pull-Out Programs, detailing how these intensive sessions must be designed to provide appropriate acceleration, depth, and complexity beyond the core curriculum for formally identified learners, focusing on advanced conceptual development and critical inquiry. Finally, the session will address the critical transition to the Secondary Level, exploring various viable Gifted Options such as robust Honors tracks, advanced interdisciplinary seminars, independent research mentorships, and leveraging dual enrollment or AP/IB structures to sustain continuous, rigorous academic growth through graduation.

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
