

Complimentary Professional Development for Educators Technical Assistance Program (TAP)

LIVE VIRTUAL COMPLIMENTARY PROFESSIONAL DEVELOPMENT WORKSHOP VIA  ZOOM

A Misunderstood Process: **Student Assistance Teams (SAT) & Improving Student Outcomes**

Friday, November 7th, 2025

8:30-11:30 a.m. or 12:00-3:00 p.m.

Presented by Christopher Vian MLSS TAP Consultant

There's large amount of misunderstanding and misinformation regarding the process for Student Assistance Teams (SAT).

This session will explore policies around the SAT process and how to use the process to improve student outcomes. We will look at how the MLSS framework and PLCs create a data system that creates effective and efficient systems to allow the SAT process to drive data towards potential evaluation or retention. After gaining an understanding of these processes, we will dive into SAT Templates and look at a current fully implemented SAT process.

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
