

## Zoobue™

A weighted scarf with built in fidget toys,  
for fidgety folks!

The Zoobue™ scarf was developed  
by an occupational therapist, as a means  
to provide deep pressure/sensory input  
to students, in a way that is socially  
acceptable to their classroom peers.

The Zoobue™ scarf is made  
in the USA by Tradewinds  
& Michiana Resources, Inc  
Vocational facilities for individuals with  
disabilities

### Many uses of the Zoobue™ scarf

- Use as a neck pillow- easier to carry
- Use to position for feeding
- Use to encourage appropriate position
- Can be use as a lap weight
- Use to relax stressful shoulders
- Great to use during meditation

#### Testimonials

*"I love the scarf. It is stylish and just the right  
weight for calming down. they become more  
focused, more calm."*

- Chris C. 2nd grade teacher

*"The students are calmer and understand the  
importance of their help. The students have a  
fidget at all times. They are versatile as they can  
be used across the lap or around the neck."*

-Pat R., Principal
