

# Complimentary Professional Development for Educators Technical Assistance Program (TAP)

LIVE VIRTUAL COMPLIMENTARY PROFESSIONAL DEVELOPMENT WORKSHOP VIA  ZOOM

## Conducting Functional Behavior Assessments (FBA) & Designing Behavior Intervention Plans (BIP)

Wednesday, September 25, 2025

8:30-3:00 (All Day)

Presented by David D'Antonio, M.A.

TAP Consultant

This virtual workshop will cover important concepts in performing effective FBAs and designing BIPs for all environments. We will discuss the rationale for using a functional behavior assessment and behavior intervention plan and how and when to determine when one is needed. Topics include:

- Identifying and defining the problem behavior, collecting, and analyzing data, hypothesizing function and differentiating between a skill and performance deficits.
- Strategies to avoid the problem behavior, teaching of replacement behaviors, using positive reinforcement, designing a response and crisis plan, and monitoring success.

There will be activities presented to practice the skills discussed in this training.

A survey will be posted in the zoom chat box at the end of the presentation. You must complete the Survey to receive your Certificate of Completion.
