Writing High Quality IEP Goals:

Meaningful, Data Based, and Measurable

Tuesday, November 12, 2024

8:30-11:30 AM or 12:00-3:00PM

Presented by Chelsea Maher, M. Ed. TAP Consultant

IEP goals that are high quality are meaningful, data-based, and measurable. These form the core of a meaningful and effective individualized education plan. Special educators need to be well informed and equipped to compose high quality IEP goals in order to best serve their students! In this training, special educators will learn how to:

- + Define what makes a high-quality IEP goal
- + Understand Federal and State requirements of IEP goals and related IEP components
- + Write SMART IEP goals that are truly meaningful and data-based
- + Discern what skills to include in IEP goals based upon data
- + Utilize the entire IEP team in meaningful goal setting

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
